

Buyers interested in owning a stand out jewellery piece can now view the Iced Candy jewellery collection online.

Each of the pieces in the range is made from semi precious stones teamed with 14 carat gold filled and 22 carat gold vermeil. Sterling silver, Swarovski Crystals and Lucite are also used within the range.

Iced Candy jewellery comprises of only the finest semi precious materials. Jewel tone colours such as azure blue, raspberry to strawberry pinks and golden amber represent semi precious candy picked from the ground. Gems such as green Chalcedony for the green melon drop bracelet, Aventurine for the apple sour nugget necklace, Tanzanite Quartz for the blueberry gem drop earrings and White Jade for the white mint jade drop bracelet all represent the Iced Candy signature design.

Jewel colours abound in the collection with the above semi precious gems combined with 14 carat gold filled and 22 carat gold vermeil. Our trademark use of luscious colours are evident throughout the collection and feature pieces that you will want to wear and be enticed by. Each piece of jewellery from this fabulous range is truly delicious and contains some eye catching statement pieces.

The semi precious stones used in the Iced Candy collection have been sourced from around the world and the pieces represent the true beauty of the stones.

Jewellery should be glamorous, fun and have a want factor, so if you have a fancy for wearable candy, view our range at www.icedcandy.com and pick and mix to your hearts content.
